

Balgera Valtellina Riserva Grumello

Winery: Balgera

Category: Wine – Still – Red

Grape Variety: Nebbiolo (Chiavennasca)

Region: Chiuro, Valtellina/ Lombardia/ Italy

Vineyard: Grumello, between towns of Sondrio and Montagna

Winery established: 1885

Feature: Sustainable

Product Information

Soil: Decomposed morainic rocks, including granite, serpentine, gneiss and iron.

Altitude: 1,150 – 2,150 feet above sea level

Vinification & Yield: The grapes are destemmed, lightly crushed, the fermentation is carried out with indigenous yeasts, the wine is macerated for a total of about 25 days, then spends a year in concrete tank and 14 more years in large Slovenian oak barrels plus 6 more months in the bottle before its release.

Tasting Note: The wine has more structure and tannins. It's very approachable with aromas of matured fruit, raisins, smokiness, anise, licorice and cured meats.

Grumello is a castle from the 12th century. Total area of wine growing: 400 acres.

Alc: 13 %

Producer Information

Balgera is a boutique winery located in Chiuro, one of the wine growing villages of Valtellina area, in the region of Lombardia. The Valtellina is a very small wine-producing region (3 million bottles total annual production) in the mountains north of Milan, just south of the Alps that borders Switzerland. The winery has a wine history dated back to 1885 when Pietro Balgera started the winery. Today, Paolo Balgera is the 4th generation wine maker. He took over in 1983, being only 20 years old. The winery offers classic old world styled highly fragrant Valtellina wines, made from the Chiavennasca variety, also known as Nebbiolo in Piedmont region. Valtellina is a vast mountainous area including few sub-zones. Balgera offers wines from these sub-zones, namely: Sassella, Grumello, Inferno and Valgella. These Valtellina Superiore wines have achieved DOCG status. A special wine called Sforzato is made from dried grapes. This is the region's acclaimed red wine of the highest quality. This wine is elevated to DOCG status in 2001. The vineyards are cultivated on terracing, which are south facing. While protected from cold winds, they allow microclimate within valley for perfect ripening of grapes.
